Control Unit PLC from Siemens S5 to Siemens S7*

ATTENTION: SIEMENS ceases manufacturing production line S5

DESCRIPTION:

Performing the retrofit of the Siemens S5, components will be updated to the current production line Siemens S7. Additionally, this kit includes a modem for further upgradings/error analysis via remote support.

YOUR ADVANTAGES:

- ▶ **Current state of technology**
- ▶ **Immediate spare part availability** for production line S7
(S5 production line is discontinued)
- ▶ **Modem included** for further assistance
- ▶ **Report of error protocols** over a longer time period possible
- ▶ **User friendly** for maintenance staff

* The retrofitting of the PLC from Siemens S5 to Siemens S7 can be performed in most KIEFEL machines with a Siemens S5 control unit.

We would be pleased to make a quotation according to your machine.
To provide best assistance please mention your machine type and ID-number.
