### Foil-Unwinding Tension Roller „Conductive“ to minimise electrostatic charging

#### DESCRIPTION:

This upgrade replaces the tension roller with a metal roller, that is reducing electrostatic charging of the foil.

#### YOUR ADVANTAGES:

- ▶ **Reducing foil contamination level** due to electrostatic charging
- ▶ **Improved foil uncoiling** due to continuous discharge
- ▶ **Increased safety** due to reduced electrostatic charging of foil-unwinding frame and removal area
- ▶ **Extended roller lifetime** by using high quality metal

Tension rollers are available in the following lengths  
(L = length of tube):

Length	KIEFEL Material-No.
385 mm	10293943
540 mm	10221300
590 mm	10277868
640 mm	10240264
790 mm	10221298
890 mm	10273284
1050 mm	10255683
1140 mm	10273285
